

## **LETTER OF RECOMMENDATION**

DATE: 13-05-2024

I am writing this letter to give my recommendation for Arvind Kumar Meena. As a faculty member in the **Computer Science Engineering** Department at **Maharaja Agrasen Institute of Technology**, I have had the pleasure of knowing Arvind for the past 3 Years.

During this time, **Arvind** has consistently demonstrated outstanding academic performance and a strong passion for areas such as cyber laws, digital forensics, and Natural Language Processing (NLP) applications. He possesses excellent analytical skills, critical thinking abilities, and a deep understanding of the complexities of these fields.

Arvind has actively participated in several relevant projects and initiatives during his time at our institution. **He has also completed various coursework in cybersecurity and AIML**, where he showcased his ability to apply theoretical concepts to real-world problems.

Beyond his technical skills, **Arvind** has demonstrated strong leadership and teamwork skills through his involvement in various extracurricular activities and projects. He has a proactive and resourceful approach to problem-solving, which I believe will be invaluable in an internship setting. He can very well work individually as well as in a team.

**In view of his aforementioned qualities I recommend his candidature for this opportunity of internship at your esteemed organization. He has the drive and capability to excel in this role and make meaningful contributions to your organization.**

Sincerely,

Dr. Sudha Narang  
(Associate Professor, CSE)
